JABRA CHILL - FOR PC

DATASHEET

For mobile and VoIP calls

The Jabra CHILL – FOR PC Stereo headset is the simple, comfortable and effective way to enjoy all your Internet-based calls hands-free and in rich stereo sound. Jabra CHILL – FOR PC is designed for all-day use delivering great sounding calls and music in all situations. It features Jabra's unique, soft and flexible Ultimate Comfort Eargels™, which lock effortlessly into the contours of your ear, providing a comfortable and secure fit. The headset can be operated with the greatest of ease; simply plug it in and use its discreet Control Box to answer/end calls and skip music tracks with just a tap of a button*

Jabra CHILL – FOR PC connects via a 3.5mm jack and is also equipped with a Y-adaptor; maximizing pc compatibility as well as compatibility with your Smartphone (e.g. iPhone or Blackberry) or MP3 player.

Jabra CHILL – FOR PC is part of the Jabra VoIP (Voice over IP) product range, which consist of Bluetooth headsets, corded headsets and speakerphone for conference calls. In this category, sound quality is crucial and Jabra products offer vibrant stereo music and clear, crisp sound on every call.

Jabra CHILL – FOR PC's enhances audio quality for all your Internet-based calls, so you can chill and enjoy staying connected with rich sound.

* Compatible with most phones with 3.5mm plug (Apple iPhone®, HTC, Blackberry, LG, Motorola). Use extra phone adapter in pack for compatibility with most phones from Nokia, Sony Ericsson and Samsung.

Reasons to choose the Jabra CHILL - FOR PC

- Quality Microphone
