JABRA BLUETOOTH® STEREO – NOW IT'S FOR EVERYONE!

BLUETOOTH® FOR EVERYONE! – A125s / A120s

For those who do not have built-in Bluetooth® stereo, Jabra has produced a selection of adapters that give you instant Bluetooth® stereo for PCs, music players, iPods and other audio devices. With the A125s adapter, you can enjoy your iPod with no strings attached. The A125s simply slots into the end of your iPod and transmits the music wirelessly to your Bluetooth® stereo headset. Jabra also has the A120s, which does the same job for most music players with a standard 3.5 mm jack. Enjoy the freedom!

INSTANT BLUETOOTH® STEREO CONNECTIVITY FOR YOUR PC – A320s

The A320s is a thumb-sized plug-in that provides instant Bluetooth® stereo connectivity to your PC so you can connect wirelessly to other Bluetooth® enabled devices such as headsets, mobile phones, cameras and printers. The A320s is also a Class 1 Bluetooth® product with a range of up to 300 feet (100 meters). It has Bluetooth® 2.0 EDR for high speed data transfer and an exceptional stereo audio quality – so you can enjoy unplugged hi-fi sound wherever you need it.
