## THE ULTIMATE SOUND EXPERIENCE™ FROM KLIPSCH®

### ONE FOR ALL – ALL FOR MUSIC.

#### MAKING THE CONNECTION

The S5010 is not only a hi-fi stereo speaker that delivers superb sound quality. It is designed to connect to most of the mobile music phones, music players, laptops and PCs, regardless of the brand.\* The S5010 is quite literally the 'one for all' hi-fi speaker.

#### STAR PERFORMER

The close cooperation between Jabra and Klipsch® makes it easy to understand why the S5010 is a star performer. As the global No. 1 headset provider, Jabra has 135 years of telecommunications excellence. Klipsch® is one of the world's leading manufacturers of high performance speakers. Its 60-year heritage is rooted in reproducing music just as the artists intended, which is why Klipsch® is a favorite with professional performers and consumers, alike.

We have created one speaker for all your mobile music devices by taking the best from two worlds: Universal connectivity from Jabra, and world class acoustics by Klipsch®. Designed for connection to most known music phones, music players and PC's,\*\* the S5010 has everything to become a superstar!

\* some devices might need an additional adapter

\*\* via 2.5 mm, 3.5 mm, mini USB connector plugs and 3.5 mm PC input cable

GN is the global No. 1 headset provider. With 1,800 employees and sales offices around the world, GN develops, manufactures and markets under the Jabra® brand a broad range of wireless and corded headsets for mobile consumers, office and contact center professionals. GN's business activities also include its original equipment manufacturing (OEM) business. GN has been helping people communicate since 1869 and is a listed company on the Copenhagen Stock Exchange.

Since 1946, Klipsch® Audio Technologies has remained true to its founder's vision of producing no-compromise, stunningly precise acoustics through the use of proprietary horn-loaded technology. By keeping its audiophile roots firmly planted, the company has grown into a leading global manufacturer of high-performance speakers and other entertainment products for the consumer and professional markets.
