Jabra BT2040

Go wireless - Talk hands-free

Optimized driving

Chances are you're trying to use your time more effectively while in your car. No matter what you're doing – running errands, fighting traffic, or simply taking care of business, thanks to the new, affordable wireless headset from Jabra, there's an easier and safer way to talk while driving.

One for the road

The new Jabra BT2040 is ideal for anyone who needs to talk hands-free when they're on the road. Thanks to Bluetooth technology, there are no wires to get tangled up. With Jabra's ergonomic discreet design, you'll never again have to strain your neck to hold your phone. What's more, it's probably the most convenient headset on the market – Jabra BT2040 never needs charging. It lets you talk for up to 8 hours and will stay on standby for six months on just one battery.

It doesn't get any easier

The new Jabra BT2040 is also the most affordable headset in the Bluetooth category. And if you've never had a headset before, you'll find it's also one of the easiest to operate! Best of all, Jabra provides superb quality, comfort, and functionality – all in a single attractive design.

Quick start guide

Insert battery

To put the battery into the headset, slide the lid on the backside off, place the battery in the headset, and slide the lid back on. Ensure correct positioning of the battery.

Turning your headset On and Off

Press the answer/end button until you see a burst of flashes on the indicator light (LED) to turn your headset on or off.

Pairing the headset with your phone

- When you turn on your Jabra BT2040 for the first time, the headset will automatically start up in pairing mode.
- Activate Bluetooth on the phone
- Press 'Yes' on the phone and confirm with PIN code 0000 (4 zeros)
- Your phone will confirm when the pairing is complete

Using your headset

Tap the answer/end button on your headset to answer a call. To end your call, just tap the answer/end button again.

Wear it how you like it

The Jabra BT2040 can be worn with or without earhook. To remove the earhook, simply click it off. For optimal performance, wear the Jabra BT2040 and your mobile phone on the same side of your body or within line of sight.
