

BT250v

**Jabra**

# Jabra

# BT250v

## OUTSTANDING DESIGN. OUTSTANDING PERFORMANCE.

The striking appearance of the BT250v combined with its vibrating call alert feature make it a unique Bluetooth® headset. The BT250v delivers up to 10 hours of talk time and up to 300 hours of standby in a design that provides unbeatable comfort, allowing you to be hands-free and cord-free all day long.

### UNIQUE DESIGN

The soft elastomer body and contoured shape of the BT250v allow it to fit securely behind your ear. It's so comfortable, you'll forget you are wearing it.

### SUPERIOR SOUND

The BT250v uses innovative technology and materials to provide crisp sound quality. The sound-absorbing material reduces distortions, the unidirectional microphone amplifies your voice and reduces background noise, and the patented Jabra MiniGel™ channels sound directly into your ear, providing great sound quality at both ends of the call.

### CONVENIENT

The BT250v gives you the freedom to use your mobile phone up to 33 feet (10 meters) away. Use your phone's features like call transfer and last number redial, adjust the headset volume, conduct voice dialing, and answer and end calls by touching a single button on the BT250v.\*
