Jabra BT 325s

Your music. Your call.

Have it both ways

The Jabra BT325s connects to both your music player and your Bluetooth® mobile phone through one cool headset. So now you can enjoy your music and know you're not going to miss out on any call.

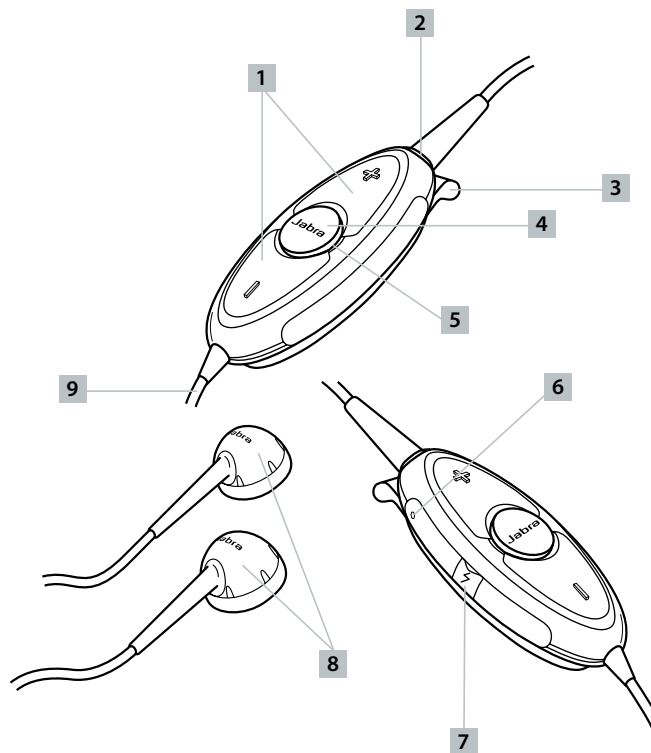

Pure convenience

Music fades when a call comes in, and you can answer or reject your call by simply pressing or tapping the answer/end button. The best part is that, when you've answered it, you don't have to do a thing. Your call is transferred via Bluetooth from your mobile phone to your music headphones. When you've finished talking, the music continues automatically.*

In control

With the Jabra BT325s headset, all advanced Bluetooth mobile phone controls are at your fingertips. You can redial numbers, hold and reject calls*, etc. – all without accessing your mobile phone. You can also exchange the in-the-box headphones with another set – and still enjoy the wireless connection to your mobile phone!

Revolutionize your mobile lifestyle. Release your Jabra.

Quick start guide

Pairing your Jabra BT325s to a Bluetooth mobile phone

1. Charge your Jabra BT325s until the LED **5** turns from red to green (approximately 2 hours)
2. Make sure your Jabra BT325s is turned off
3. To put the BT325s in pairing mode, press and hold the answer/end button **4** until the LED stops flashing and turns solid blue
4. Set your mobile phone to "discover the Jabra BT325s" (see your mobile phone user manual)
5. When the device has detected the headset, press Yes or OK when asked if you want to pair with the Jabra BT325s
6. Enter passkey or PIN = 0000 (4 zeros), then press Yes or OK
7. Your device will confirm when pairing is complete and the LED on your headset will flash

Listening to your music from your stand-alone music player

Plug the 3.5 mm fixed cord into your stand-alone music device
Please note: the Jabra BT325s does not need to be turned on for listening to music (after 56 hours music streaming, you will need to plug the headphones directly into the music player without the Bluetooth adapter)

Answering and ending a call when listening to music

1. Music will fade automatically when a call comes in and will continue automatically after ending a call*
2. To answer and to end the call, simply tap the answer/end button on your Jabra BT325s
