Jabra BT8040

Packed with Audio Power

The latest technologies combined - offering true audio excellence.

Active Noise Reduction - enhances the sound quality on the transmitted and received audio.

Intelligent Volume Settings - equalizes incoming audio volume – amplifying a quiet voice, reducing a noisy one.

Acoustic Shock Protection - protects the ear from loud, sudden noises.

e-SCO - improves voice transfer from headset to phone.

Small Radical Design

The BT8040 looks good and sounds even better - a small headset that makes a big design statement.

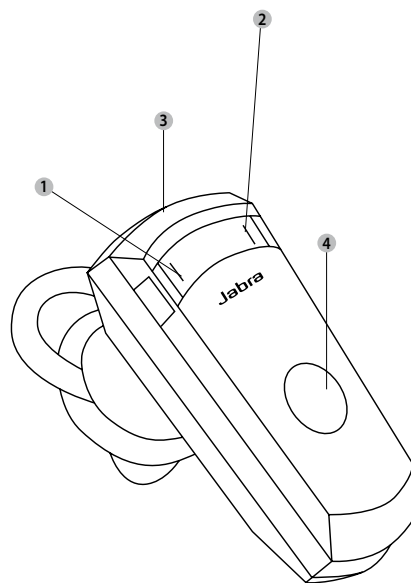

Play music wirelessly

On the move or in the office; BT8040 plays music from mobile phones, media players and PC's*. Listen to pod-casts or internet radio via A2DP - no need for headphones.

'Generation III' Jabra Ear Gel

A unique wearing style – no hook. The 3rd generation Jabra ear gel comes in 3 sizes – keeping ear and headset in perfect harmony.

* Requires Bluetooth connection
