

JX10

Jabra

Jabra

JX10

A PURE DESIGN ATTITUDE.

STYLISH DESIGN

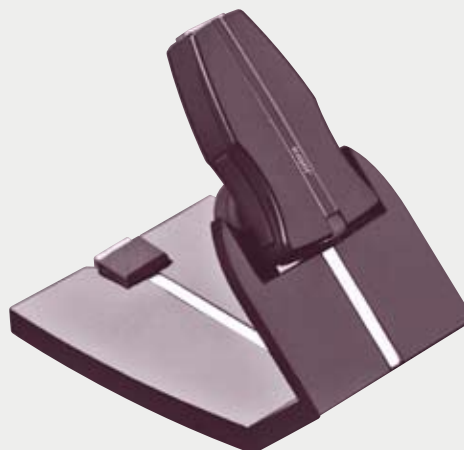

The JX10 takes Bluetooth® headset design to the next level. Created by world-renowned Danish designer, Jacob Jensen, this is an award winning wireless mobile headset where style is the operative word.

COMPACT DESIGN

The sleek, compact design makes JX10 among the smallest and lightest Bluetooth® headsets available – but there is no compromise on the prize-winning functionality and performance for which Jabra is famous. Weighing in at less than 1/3 oz (10 grams), you'll barely feel you're wearing it.

INTELLIGENT DESIGN

Every aspect of the JX10 is designed to perfection. Pairing to your mobile phone is simple with the intuitive one-touch button. Automatic volume control elevates sound level and quality to match your environment – and DSP (Digital Signal Processing) technology reduces background noise significantly. Even recharging is stylish and simple with the elegant desktop charging cradle.

FEATURES
