

MUSIC AND CALLS WITH ULTIMATE SOUND

Get lost in your music and stay in-touch with Jabra RHYTHM.

CHILL **RHYTHM** ◀ ACTIVE

When sound matters

If you love getting lost in music wherever you go but still need to stay on top of your calls, then step to Jabra RHYTHM. Rich, vibrant music and clear, crisp calls are assured with Jabra's new stereo headset featuring premium stereo sound, noise isolating ear buds and microphone wind-noise reduction technology.

Jabra RHYTHM is part of Jabra's new corded stereo headset family, which consists of three unique headsets tailored toward people on the go, music lovers and sports users. Our aim is to give customers unmatched value by offering the ultimate balance between sound, comfort and design in each category.

Each headset features earphones ergonomically designed to follow the contours of the ear – they look great and they offer a comfortable fit that stays securely in your ear. Sound quality is crucial in this range and Jabra products offer vibrant stereo music and clear, crisp calls.

Our portfolio includes a unified control box that allows users to conveniently listen to music and answer calls. The headsets all feature a 3.5mm gold-plated plug, ideal for the transmission of premium music quality and a perfect companion to your mobilephone* or MP3 player. Jabra RHYTHM includes skip track functionality for Apple iPhone®.

Note: Please only use one headphone while driving

* Compatible with most phones with 3.5mm plug (Apple iPhone®, HTC, Blackberry, LG, Motorola). Use extra phone adapter in pack for compatibility with most phones from Nokia, Sony Ericsson and Samsung.

Reasons to choose the Jabra RHYTHM

- Premium stereo sound
- Sound isolating ear buds
- Wind-noise reduction

Quick Start Guide

Answer/end calls and skip tracks* conveniently via your microphone

Tap the answer/end button on your mic:

- 1 x to answer/end your call*
- 2 x to skip tracks*
- 3 x to rewind*

Connect your headset with your smartphone

Make sure that the plug is securely connected to your phone.

Ensure perfect comfort and sound flow with your headset

Great sound in a headset depends on quality speakers and a perfect, secure fit. The headphones are ergonomically designed to specifically fit either your left or right ear. For optimal comfort and sound, make sure that you put the headphones in the correct ear.

Right headphone ergonomics

Left headphone ergonomics
