

## JABRA SPORT

Bluetooth® Stereo Sports Headset

Works with any Bluetooth® enabled phone

DATASHEET

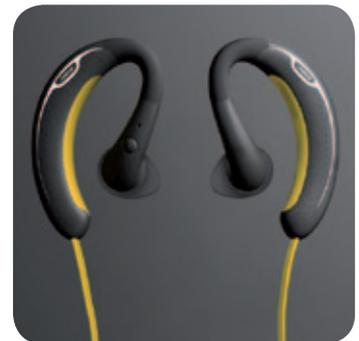

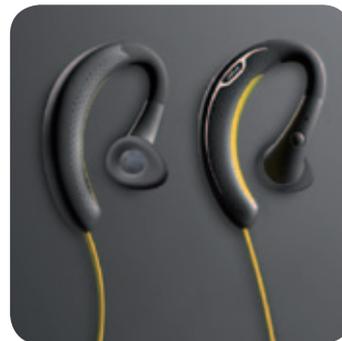

### Get more from your exercise with wireless music and calls

Exercise is about freedom, about pushing limits and enjoying doing it. Some people like to exercise while listening to music, some talk on the phone. With the Jabra SPORT Bluetooth® stereo headset it's easy to do both – and without the hassle of headset wires that slow you down. You simply stream music and calls via Bluetooth® to it.

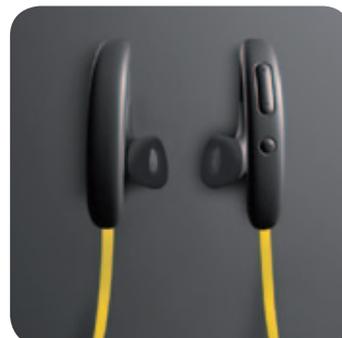

With the Jabra SPORT you get exceptional music and call sound quality. It has A2DP, AM3D Power Bass audio enhancement and a wind-shielded microphone. It also has a built-in FM radio so you can tune in to your favourite station while you work out.

The Jabra SPORT is ultra-light and easy to wear. With a choice of different Eargels™ and a flexible behind-the-ear fit, it stays firmly and comfortably in place. It's also tough. With Military-Grade rain, dust and shock protection it is fit for any challenge, indoors or outdoors.

### Reasons to choose the Jabra SPORT

- Secure and comfortable fit during workouts
- Rain, dust and shock protection. US Military standard
- Powerful bass sound and built-in FM Radio

### Endomondo

Sports Tracker app.

Your personal trainer on-the-go  
EXCLUSIVELY for Jabra SPORT\*

\* Jabra SPORT is the only Bluetooth® headset fully compatible with ENDOMONDO Sports tracker.

## Quick Start Guide

### Charging your jabra SPORT

Charge your Jabra SPORT until the indicator light turns solid green. Charging time is approximately 2h.

### Turning your jabra sport on and off

To turn your Jabra SPORT on press the On/Off button until the indicator light flashes Blue. To turn your Jabra SPORT off press the On/Off button until the indicator light flashes Red.

### Pairing your jabra sport to a phone or other device

#### 4.1a: First time pairing:

Turn on your Jabra SPORT and it will automatically enter pairing mode and is ready to pair.

#### 4.1b: Later pairing:

Press and hold the Answer/End button (A) until the indicator light (C) flashes blue (approximately 4 seconds).

#### 4.2 Activate Bluetooth on your phone or other device and search for Bluetooth devices and select Jabra SPORT.

#### 4.3 Press "OK" on the phone or device and if prompted for a PIN code, please enter 0000 (4 zeros) and confirm.

### Using your jabra sport

#### Answer or end a call

- Tap the Answer/End button (A) to answer or end calls.

#### Adjust sound and volume\*

- Tap the volume buttons (D) to adjust the volume up or down.

#### Play or pause music

- Tap the Play/Pause button (A) to play / pause music.

#### Change between music tracks\*

- Change tracks by pressing for 1 sec. on the Volume up button (D) to skip forward and press for 1 sec. on the Volume down button to skip back.

#### Using the FM receiver

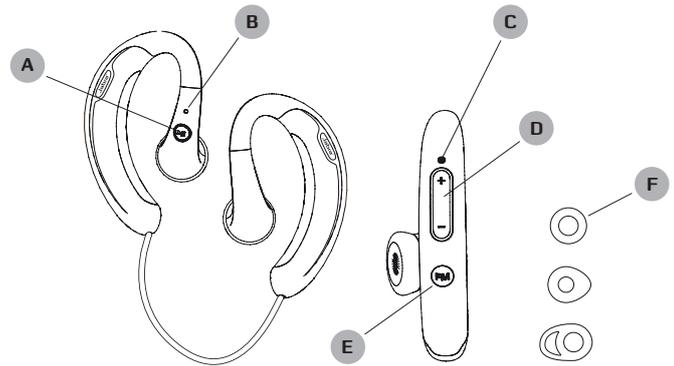

- To turn on the FM radio make sure your Jabra SPORT is turned on and press the FM button (E) on the headset. To change FM Station press either the Volume up (+) or the Volume down (-) button for 1 sec. to start seeking for the next available radio station

### Wearing style

Place each ear piece so the speaker is in front of the ear canal and the ear hook wraps snugly around the back of the ear. The wire should run behind the neck for optimum comfort and freedom of movement.

### Using the Endomondo Sports Tracker app with Jabra SPORT

If you have downloaded the Endomondo app to your mobile phone you have access to an exclusive feature only provided with Jabra SPORT. With Jabra SPORT connected to your phone and with the Endomondo app open while exercising you can press the Play/Pause button to get a status update of your workout read aloud through the headset.
