BARCO

Jabra Video Conference Solutions and Barco ClickShare Wireless Presentation System

An unbeatable collaborative meeting experience

JABRA SPEAK + PANACAST

Bring your own meeting. See the full picture. Hear the whole story.

Turn any room into a collaborative workplace with our joint Barco ClickShare and Jabra conference solutions. Thanks to our integration, Jabra PanaCast and Speak support Barco ClickShare Conference out of the box. Start a meeting from your device using your preferred conferencing platform. Everyone in the meeting - remote or present - is seen and heard, in our truly plug and play approach.

BENEFITS

Enhanced wireless video conferencing experience

Offer remote and in-room users an exceptional video meeting experience and roll out combined Jabra and Barco ClickShare Conference to all your meeting rooms.

- **Jabra PanaCast** offers the full 180° view. Its Intelligent Zoom function automatically includes everyone in the conversation – even if room attendees maintain social distancing guidelines.
- **Jabra Speak** connects wirelessly via Bluetooth to the ClickShare Base Unit, removing clutter and wires on the meeting room table.
- **Barco ClickShare Conference** allows you to collaborate seamlessly with all meeting participants and brings BYOM to any meeting room.

BARCO CLICKSHARE CONFERENCE

Plug & Play with our easy to install and smooth setup

ClickShare Conference connects instantly to the Jabra PanaCast, Jabra Speak and display screen. Our proven and validated integration allows you to Bring Your Own Meeting and link up with remote colleagues in a matter of seconds.

Flexible and fully agnostic

Jabra and Barco ClickShare Solutions work with everything, everywhere: device (laptop or Mac) – UC platform (Microsoft Teams, Zoom, Webex, GoTO meetings, ...) – display (LG, Sharp, ...).

Discover the 'mix-and-match' conference solutions from Jabra and Barco for **all of your meeting room spaces**, no matter what size. All tested to work seamlessly together.
