

Jabra GN

PORTFOLIO OVERVIEW

Jabra Video Portfolio Navigator

An end-to-end, intelligent video portfolio that covers every meeting room need.

START

EVERY ROOM. EVERY MEETING. ELEVATED.

From 2 people in a huddle room to 22 in a boardroom, Jabra's intelligent video portfolio brings more natural, immersive and inclusive experiences to every space. AI powered features adapt to the room, tracking and framing speakers in real time, while professional grade audio and premium video capture every face and voice with pin-sharp clarity. Plug-and-play installation and centralized management keep things simple for IT teams.

Bring your own device or install a room system, choose Microsoft Teams or Zoom – it all works seamlessly. And when your meeting needs grow, one unified portfolio makes expanding effortless.

PanaCast U30

Scalable BYOD for small rooms

Jabra PanaCast U30 is a premium small-room BYOD video conferencing bar for spaces with up to 6 people.

With an onboarding wallpaper that guides users before they even plug in, a single USB-C connection, wide-angle video, and premium Jabra audio, it makes meetings fast to start, easy to manage, and simple to scale across your organization.

WATCH VIDEO

- **Better BYOD experience**
No more black screens. Onboarding wallpaper guides users on how to get started. One USB-C cable connects your device to the bar – reducing confusion and wasted meeting time
- **Plug-and-play simplicity**
Once installed, users simply connect and launch meetings on the platform of their choice. No controller. No unnecessary complexity.
- **Wide-angle premium video**
A single wide-angle camera ensures everyone in the room is clearly visible, even in compact spaces.
- **Outstanding audio**
Six microphones and a powerful speaker deliver full-duplex, room-filling sound for natural conversations.
- **Easy to deploy**
Wall mount included. VESA and table stand options available. Intuitive cable routing and integrated mount for easy, tidy installation.
- **Easy to manage**
Remote management and updates via Jabra Plus. Local updates also available.

PanaCast 40 VBS

Built on
Microsoft Device Ecosystem Platform

The only small room Android video bar that captures the entire room

Meet PanaCast 40 VBS – the all-in-one Android video bar that can maximise even the smallest meeting spaces. Its 180° field-of-view and impressive audio ensure every participant is seen, heard, and included.

AI-powered video features make hybrid meetings more collaborative, productive and lifelike. And its straightforward set-up means you can go from box to first meeting in under 12 minutes with a secure, wall-mounted installation.¹

WATCH VIDEO

- **Unique 180° field-of-view** covers every part of the room so everyone in your meeting space is on camera in high-definition Panoramic-4K
- **Intelligent features including Dynamic Composition, Intelligent Zoom, and Virtual Director** help remote participants follow the on-screen action. **Intelligent Meeting Space** lets you customize room boundaries so only those in the specified area are included in the meeting - ideal for glass-walled rooms²
- **Optional Jabra touch controller** lets you start, share content, and end meetings with one quick tap. Tablet comes pre-loaded with software. BYOD access from your laptop available
- **An array of beamforming, noise-cancelling microphones and an impressive speaker** fills the room with immersive, HD sound, enabling easy, natural conversations where every voice is heard
- **Built on MDEP (Microsoft Device Ecosystem Platform):** Secure & future-ready (Android 13 and beyond)²
- **Simple set-up from box to first meeting in under 12 minutes¹** with a secure wall mounted set up
- **Also available as PanaCast 40 VBS bar only**
- **Multiple mounting options** including wall mount, screen mount or table stand or tripod⁴
- **Certified** for Microsoft Teams and Zoom. **Compatible with** Jabra Plus, Teams Pro Management Portal (PMP), and Zoom Device Management

¹ Based on GN internal UX testing, March 2025. ² MDEP is built on AOSP
³ Limitations apply - refer to Jabra.com ⁴ Table stand and screen mount sold separately.
* Please note some intelligent features may not be available when used as a BYOD device.

Scheduler

Room booking made easy

The Jabra Scheduler is a professional room scheduling panel that makes finding and booking meeting rooms fast and frustration-free. Rooms can be reserved directly on the device or from your calendar, and an integrated lightbar shows room status from a distance.

WATCH VIDEO

- **Quick and easy booking.** Book rooms in advance or on demand - make reservations from your calendar or at the device itself
- **Visibility at a glance** with an intuitive touchscreen that clearly displays what's booked and what's coming next. Lightbars on both sides of the panel signal availability from a distance
- **Flexible installation options** include flat or angled mounting. Device may be mounted on wall or glass. Comes with mount included in the box. Integrated cable management
- **Optimize your meeting spaces** and enable better room utilization
- **Certified** for Microsoft Teams and Zoom. **Compatible with** Jabra Plus, Teams Pro Management Portal (PMP), and Zoom Device Management

PanaCast 50

Ideal for BYOD rooms or environments where the computer is separately acquired or already in place.

WATCH VIDEO

- **Unique 180° field-of-view** covers every part of the room so everyone in your meeting space is on camera in high-definition Panoramic-4K
- **Intelligent features including Dynamic Composition, Intelligent Speaker, and Virtual Director** respond in real-time to what's happening in the room, so everyone watching can follow the on-screen action more easily. More inclusivity for hearing aid users with Aux-Out option for streaming audio*
- **Four powerful speakers in a zero-vibration stereo setup** flood the room with premium high-definition sound
- **Eight beamforming microphones**, precision voice detection, and intelligent algorithms remove interference such as echo and static to ensure whoever's speaking will be heard in the best way possible
- **Nine powerful Edge processors** power the system and support future feature updates and new platform experiences
- **Real-time whiteboard streaming displays** both whiteboard content and meeting participants simultaneously with no need for a separate camera
- **Real-time anonymous People Count** provides valuable room usage data insights to help organize and manage resources
- **Multiple mounting options** including wall mount, screen mount or table stand**
- **Certified** for Microsoft Teams and Microsoft Teams Rooms (with separate Microsoft Teams Rooms certification for integrated Content Camera), Zoom and Zoom Rooms
- **Jabra Plus device management platform** to give a complete oversight of all the meeting rooms in their care around the world

*Please note that audio from within the room is not streamed, and people outside the room may be able to connect and listen in.
**Table stand and screen mount sold separately.

Plug-and-play all-in-one video conferencing system with expansion audio and video.

WATCH VIDEO

+ THE EASY WAY TO EQUIP LARGE ROOMS

- **AI-enabled video system:** Delivers outstanding audio and video for inclusive meetings in large rooms.
- **Complete solution:** Comprises PanaCast 55 VBS, PanaCast SpeakerMic and Huddly L1.

+ FAST, SCALABLE DEPLOYMENT

- **Reduce time and expense deploying large rooms:** Plug-and-play set up with no configuration or programming required.
- **In-box provisioning:** Configure PanaCast 55 VBS without removing from the box for faster rollouts.
- **Flexible deployment:** PanaCast 55 VBS can be used with wall mount (included in box), VESA mount, table stand, or tripod. PanaCast SpeakerMic has multiple mounting options.

+ AI-POWERED VIDEO FEATURES

- **Enhanced intelligent video capabilities:** Offers an equitable experience for all meeting participants, both in-room and the far end.
- **High quality video:** Captures everyone in the room, even at the end of the table, in large rooms.
- **AI features:** Virtual Director offers real-time speaker tracking. Picture-in-Picture shares a view of the full room for complete meeting room context.

+ OUTSTANDING AUDIO QUALITY

- **Premium sound:** An array of 8 beamforming, noise-cancelling microphones and 4 powerful speakers ensures every voice is heard clearly.
- **Extension audio:** The PanaCast SpeakerMic extends audio collaboration to the back of the room and simply plugs into the PanaCast 55 VBS for seamless sound mixing.

+ EASE OF USE

- **One touch meeting control:** Start and manage meetings easily with the Control IP touch controller.
- **Seamless solution:** Works with Microsoft Teams and Zoom.

PanaCast Room Kit Multi

Built on
Microsoft Device Ecosystem Platform

Plug-and-play all-in-one video conferencing solution with multiple cameras and expansion audio.

WATCH VIDEO

+ THE EASY WAY TO EQUIP LARGE ROOMS

- **AI-enabled multi-camera system:** Delivers a more immersive meeting experience.
- **Complete solution:** Comprises PanaCast 55 VBS, PanaCast SpeakerMic and Huddly Cam Crew.

+ FAST, SCALABLE DEPLOYMENT

- **Reduce time and expense deploying large rooms:** Plug-and-play set up with no configuration or programming required.
- **In-box provisioning:** Configure PanaCast 55 VBS without removing from the box for faster rollouts.
- **Flexible deployment:** PanaCast 55 VBS can be used with wall mount (included in box), VESA mount, table stand, or tripod. PanaCast SpeakerMic has multiple mounting options.

+ AI-POWERED VIDEO FEATURES

- **Enhanced intelligent video capabilities:** Offers an equitable experience for all meeting participants, both in-room and the far end.
- **Multi-camera system:** PanaCast Room Kit Multi delivers an immersive video experience that enables even more collaboration.
- **High quality video:** Captures everyone in the room, even at the end of the table, in large rooms.
- **AI features:** Virtual Director offers real-time speaker tracking. Picture-in-Picture shares a view of the full room for complete meeting room context.

+ OUTSTANDING AUDIO QUALITY

- **Premium sound:** An array of 8 beamforming, noise-cancelling microphones and 4 powerful speakers ensures every voice is heard clearly.
- **Extension audio:** The PanaCast SpeakerMic extends audio collaboration to the back of the room and simply plugs into the PanaCast 55 VBS for seamless sound mixing.

+ EASE OF USE

- **One touch meeting control:** Start and manage meetings easily with the Control IP touch controller.
- **Seamless solution:** Works with Microsoft Teams and Zoom.

+ SECURE AND MANAGEABLE

- **Built on MDEP** (Microsoft Device Ecosystem Platform): Secure & future-ready (Android 13 and beyond)¹
- **Compatible with** Jabra Plus, Teams Pro Management Portal (PMP), and Zoom Device Management

¹ MDEP is built on AOSP

Jabra Warranty +

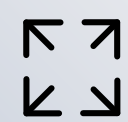

Protect your investment with extended warranty

Up to 5 years of warranty giving you certainty that your devices are covered

Jabra Warranty+ is a service designed to extend device coverage beyond the standard warranty term.¹ It helps you protect your investment by staying covered for longer.

Safeguard your investment when purchasing Jabra solutions through Jabra channel partners.

Increased protection with additional coverage for 1, 2, or 3 years depending on the device. If something goes wrong, we'll replace the device. Just. Like. That.

Available for selected Jabra devices at time of product purchase.¹ Designed for enterprise customers.

Each device can have its own warranty length so you can secure the devices that matter most.

¹ Talk to your Jabra Account Manager or Jabra Support to find out which enterprise products and countries are covered by Jabra Warranty+. Terms and Conditions apply, see www.jabra.com/business-services-terms for more information.
