

What is MySound?

MySound is a Jabra Sound+ feature in which an audio test is performed to create a personalized audio profile. Your MySound profile is then used to calibrate your Jabra device to optimize your music listening experience.

Your MySound Profile will be saved in your Jabra device. You can configure your MySound Profile and reset your Jabra device to the default Jabra Profile settings in the Jabra Sound+ app.

Note

You can apply the Music equalizer to both a MySound Profile or Jabra Profile.

Download Jabra Sound+ from [Google Play](#) on your Android device and from the [App Store](#) on your iOS device.
