

# Jabra Link 230 USB Adapter

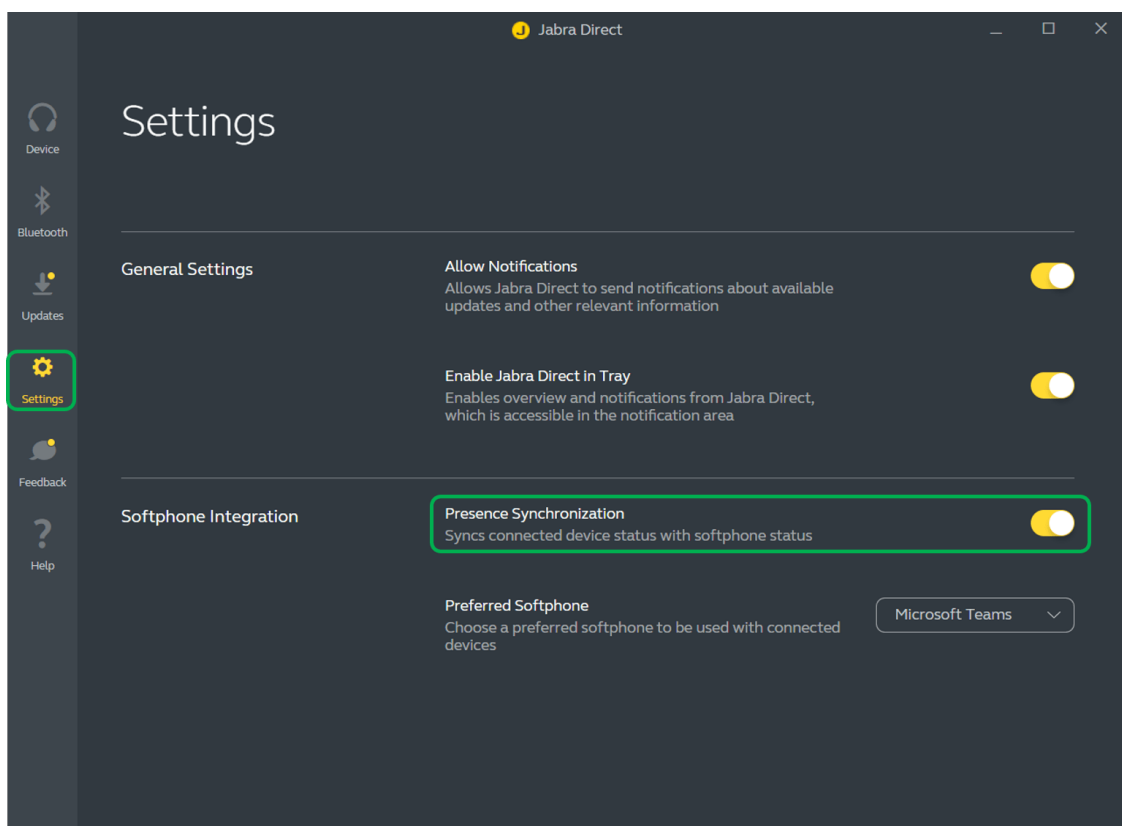

## How do I synchronize my presence status in Jabra Direct?

### Voraussetzungen

- [Jabra Direct - aktuelle Version](#)

The **Presence Synchronization** setting syncs the status of your connected Jabra device with the status of your softphone. To sync your presence status, follow these steps.

1. Open Jabra Direct.
2. On the left menu, click **Settings**.
3. In **Softphone Integration > Presence Synchronization**, click the slider to turn the setting on/off.

Your softphone must support integration with Jabra Direct for this

feature to work. For more details about softphone integration, refer to the datasheet located in the **Product documents** section on the support page.

**Note**
