

Jabra Elite Sport (Original)

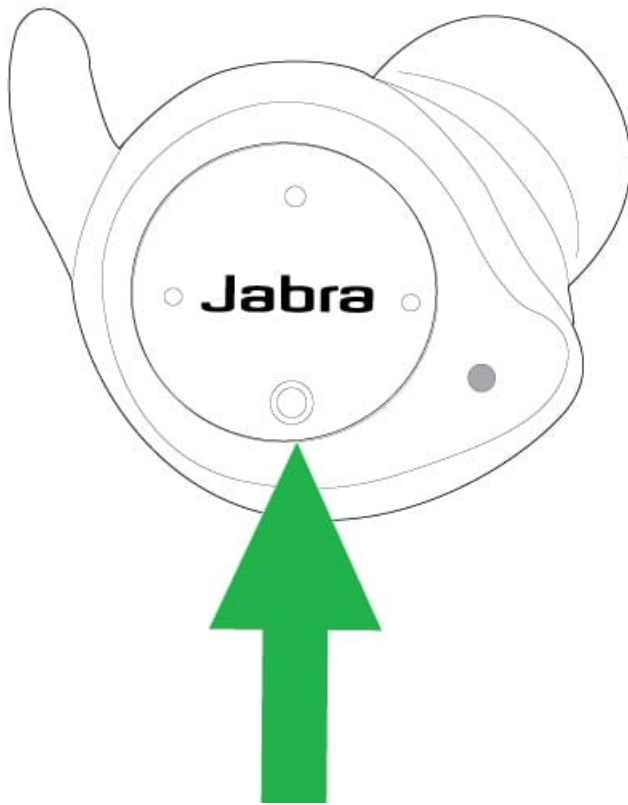

How do I pair my Jabra Elite Sport with my mobile device?

To pair with your mobile device for the first time, follow these steps.

1. Remove Jabra Elite Sport from the box and place the earbuds in the charging case.
2. Turn on the Bluetooth setting on your mobile device.
3. To enter pairing mode, remove the earbuds from the charging case. The earbuds will automatically turn on and enter pairing mode.
4. To pair, go to the Bluetooth menu on your mobile device and select the Jabra Elite Sport from the list of available devices. Alternatively, wear the earbuds to hear the pairing instructions.
Enter "0000" (four zeros) if you are asked for a pin code.

To re-pair with your mobile device or pair with an additional mobile device, follow these steps.

1. Turn on the Bluetooth setting on your mobile device.
2. Start with the earbuds turned off and in your hands (not in the charging case).
Turn off the earbuds by pressing and holding the **Multi-function** button on the right earbud until the LED flashes.

3. To enter pairing mode, press and hold (3 seconds) the **Multi-function** button until the LED flashes blue.
The earbuds are now ready to pair with your mobile device.
4. To pair, go to the Bluetooth menu on your mobile device and select the Jabra Elite Sport from the list of available devices. Alternatively, wear the earbuds to hear the pairing instructions.
Enter "0000" (4 zeros) if you are asked for a pin code.

Note

If pairing is not successful, try the pairing steps again, or try pairing with a different Bluetooth device. For troubleshooting tips, [see here](#).

Optionally, try using the [Bluetooth Pairing Guide](#) which provides detailed steps for pairing with a mobile device.
