

Jabra Storm

How do I pair my Jabra Storm with my mobile device?

Formats the Html codes.FormatFix the Html to be XHTML compliantFix Write Validate that the text is XHTML compliant.Validate Proofing
To pair your Jabra Storm with your smartphone, tablet, or other mobile device, follow these steps.

1. Turn on the Bluetooth setting on your mobile device.
2. Turn on your Jabra Storm by sliding the **On/off** switch to the “on” position.

3. To enter pairing mode, press and hold (3 seconds) the **Answer/end** button until the Bluetooth indicator flashes blue. Pairing mode is then announced in your headset.

4. To pair, go to the Bluetooth menu on your mobile device and select the Jabra Storm from the list of available devices.

Enter “0000” (four zeros) if you are asked for a pin code.

Note

If pairing is not successful, try the pairing steps again, or try pairing with a different Bluetooth device. For troubleshooting tips, [see here](#).

Optionally, try using the [Bluetooth Pairing Guide](#) which provides detailed steps for pairing with a mobile device.
