**Jabra** GN

Jabra Evolve 65e MS

How do I connect my Jabra Evolve 65e to my computer?

Connect using the Jabra Link Bluetooth adapter:

1. Insert the Jabra Link Bluetooth adapter into a USB port on your computer.

2. Press and hold (1 second) the **Multi-function** button on the control unit to power the earbuds on. The earbuds and the Jabra Link Bluetooth adapter are pre-paired and will automatically connect. You may need to select the Jabra Link as the audio device in the audio settings of your operating system.
