

Jabra Elite 45h - Copper Black

How do I manually reset my Jabra Elite 45h headphones to the default settings?

When you reset your Jabra Elite 45h headphones, previously paired devices and settings will be cleared.

To reset, ensure that the headphones are turned on, and you are not on a call. Then simultaneously press and hold (3 seconds) the **Volume up** button and the **Multi-function** button on the right ear cup, until the LED lights purple and you hear an announcement in the headphones.

3 seconds

Note

After resetting, you will need to re-pair the headphones with your smartphone.
