

Jabra Elite 45e - Copper Black

How do I achieve the best sound with my Jabra wireless device?

To achieve the optimal comfort and sound quality, the fit of the earbuds is essential. With the right size EarGels, the earbuds will create a seal in your ear canal to reduce audio leakage and provide a fuller sound experience.

Make sure you try all three sizes of the provided EarGels until you find the fit that gives you the best combination of comfort and sound quality.

Note

You may benefit from using a different size EarGel in each of your ears. No two ears are exactly alike.
