

Jabra Direct

What is Jabra Direct?

Jabra Direct is complimentary computer software that enables users to optimize and personalize their Jabra devices.

With Jabra Direct you can:

- Customize your Jabra device
- Set up call control with one or more softphones
- Manage your Jabra Bluetooth devices
- Update your Jabra device to enhance its performance and features
- Get an overview of connected Jabra devices and their charging status
- Give feedback on your Jabra device
