Fast charge
When the earbuds are at low battery, 10 minutes of charge time will give up to 60 minutes of battery. This fast charge option requires that the charging case has a minimum of 30% battery. You can check the current battery status of the earbuds and charging case in the Jabra Sound+ app.

When you place the earbuds in the charging case or remove them, the LEDs on the earbuds will flash red, yellow, or green to indicate the battery status of the earbuds. The LED on the front of the charging case indicates the battery status of the charging case.
