

## Jabra Elite 10 - Matte Black

### **I purchased a new charging case - how do I connect the charging case with the two earbuds?**

Before using a replacement charging case for the first time, you need to sync it with your current earbuds and charge it for 1 hour.

To begin syncing, place your current earbuds inside the replacement charging case, and then close the lid for 10 seconds. The LED on the charging case may flash pink to indicate that the firmware is being updated. Wait until the LED stops flashing pink before you open the charging case.
