Jabra Evolve 30 II - USB-C, MS Mono

How do I upgrade my Jabra Evolve 30 II to be Microsoft Teams certified?

Prerequisites
- Jabra Evolve 30 II MS variant
- Jabra Evolve 30 II firmware version 3.2.0 or later
- Jabra Direct - latest version

To get Microsoft Teams functionality on your Jabra Evolve 30 II, the headset must be connected to the controller, and updated with the required firmware version using Jabra Direct.
