

Jabra Engage 40 - (Inline Link) USB-A UC Stereo

What headsets are supported by Jabra Call Control for Amazon Connect?

When Jabra Call Control for Amazon Connect has been deployed, all Jabra professional USB headsets support common functions such as answer/end call, reject call, mute/unmute microphone. Advanced functions such as place call on hold, resume call, swap between active calls may be available depending on the headset being used. For more information on the functions supported for your specific headset, refer to the user manual.

If you have further questions about the general functions of the connected Jabra product, please contact [Jabra Support](#).
