

Jabra Elite Sport (Original)

Can I wear my Jabra true wireless earbuds underneath a helmet?

It may be possible to wear your Jabra true wireless earbuds while wearing a helmet. However, they have not been officially tested for use with a helmet and we cannot guarantee their performance if they are used in these conditions. The design and material used in helmets may cause Bluetooth interference and reduce the performance of the earbuds.

Note:

If you choose to wear your Jabra earbuds while riding a motorbike or bicycle, it is important to maintain aural awareness of your environment and adhere to local traffic regulations.
