

Jabra Elite Sport (Lime Green Grey)

Why does the charging case flash purple when I place my earbuds in it?

The charging case flashes purple to indicate that the earbuds are being updated.

A firmware update may take up to 15 minutes. During the update, do not open the charging case until it stops flashing purple. If the update is interrupted, you can resume it later.

Note: Use the Jabra Sport Life app to see if an update is available to download and install.
