

Jabra Elite 65t - Titanium Black

How do I charge my earbuds and the charging case?

Charging the earbuds

Place the earbuds in the charging case and close the lid. When you open the lid, the battery LED inside the charging case is red, yellow, or green to indicate the current battery status of the earbuds.

It takes approximately 2 hours to fully recharge the earbuds. If the battery is low, you will gain up to 1 hour of battery by charging them in the charging case for 10 to 20 minutes.

Charging the charging case

Plug the charging case into a USB power supply or certified wall charger. It takes approximately 2 hours to fully charge the earbuds and the charging case.

Note:

Non-certified chargers may take longer to charge.
