

Jabra Elite 65t - Titanium Black

How do I get the best experience when I unpack my new Jabra Elite 65t/Jabra Elite Active 65t earbuds?

To get the best experience with your new Jabra Elite 65t/Jabra Elite Active 65t, we recommend you follow these first time steps.

1. Place both earbuds in the charging case and charge them for up to 2 hours.
2. When you open the lid, the battery LED inside the charging case will flash red, yellow, or green to indicate the current battery status of the earbuds.
3. After charging, remove the earbuds from the charging case, and they will turn on and go into pairing mode automatically. Pair the earbuds with your smartphone.
4. Remove all the EarGels from the box. Start with the EarGels that are already fitted on the earbud, and try each EarGel size until the fit feels tight and snug.

Note

A good fit and seal is essential for obtaining the best sound experience. Make sure to try all the EarGel sizes until you find the fit that gives you the best combination of comfort and sound quality. You may benefit from using a different size EarGel in each ear.

5. Download Jabra Sound+. The app lets you change your audio experience and settings. The Jabra Sound+ app will also notify you when new firmware is available, ensuring that you always have the

best performance with your Jabra Elite 65t/Jabra Elite Active 65t.

6. We recommend you register your Jabra Elite 65t/Jabra Elite Active 65t using the Jabra Sound+ app, to activate the 2 year warranty.

Your Jabra Elite 65t/Jabra Elite Active 65t is now ready for up to 5 hours of use for music and calls.
