

# Jabra Sound+

## What is Jabra Sound+?

Jabra Sound+ is the perfect companion app for your Jabra headphones – adding extra features and letting you personalize the way you use your Jabra device. Use Jabra Sound+ to register your product and update firmware for selected Jabra products. Depending on the connected product you can, for example, change the language used for voice guidance, adjust the listening audio using an equalizer, and adjust HearThrough and Sidetone settings. Battery status for the connected Jabra product is also displayed.

Don't have Jabra Sound+ yet? You can download it from [Google Play](#) on your Android device and from the [App Store](#) on your iOS device.
