

Jabra Engage 65 Stereo

How do I manually change the voice guidance language on my Jabra Engage 65?

To change the voice guidance language, follow these steps.

1. When not on a call, press and hold (2 seconds) both volume buttons on the headset to access voice guidance settings. The first setting is for voice guidance language.
2. Press the volume buttons to cycle through the available languages: English, German, French, Japanese, and Spanish.
3. Press the **Call** button to accept the preferred language.
4. Press and hold (2 seconds) both volume buttons on the headset to exit the settings for voice guidance.

The base will reboot and the new setting will be saved.
