

Jabra Talk 35

How do I reset my Jabra Talk 35?

When you reset your Jabra Talk 35, the list of devices that have been paired with it is cleared. Follow these steps to reset:

1. Turn on your Jabra Talk 35 by switching the **On/off** switch to the “on” position.
2. Simultaneously press and hold (8 seconds) the **Answer/end**, **Volume up** and **Volume down** buttons. When you release the buttons, the light on your Jabra Talk 35 flashes purple once to indicate that the headset has been reset.

3. The Jabra Talk 35 reboots automatically and is ready to pair again.

Note: When your Jabra Talk 35 has been reset, you will need to re-pair it with your smartphone. Remember to delete the previous pairing before you re-pair.
