# Jabra Evolve 40 UC Stereo USB-C

How do I set my Jabra device as the default audio device on my macOS computer?

To manually set your Jabra device as the default audio device, follow these steps.

1. Click the **Apple** icon at the top left.

2. Select **System Preferences**.

3. Select **Sound**.

4. On the **Output** tab, select your Jabra device.
   If you are using a Jabra device with a connected Link adapter, select the Link adapter.

5. On the **Input** tab, select your Jabra device.
   If you are using a Jabra device with a connected Link adapter, select
   the Link adapter.
