

Jabra Elite Active 65t - Titanium Black

How do I turn off/on my true wireless earbuds?

There are several ways to turn your earbuds off.

- Place the earbuds in the charging case to turn them off. Remove them from the charging case to turn them on automatically.
- Turn the individual earbuds on or off by pressing and holding the **Multi-function** button on the right earbud, or the **Volume down** button on the left earbud, until the LED flashes green (on) or red (off).
