Jabra Elite 75t - Black

How do I activate the sound used to locate my Jabra device when using Find My Jabra?

Prerequisites

- Jabra Sound+ - iOS
- Jabra Sound+ - Android (Android devices require the use of Google Maps)

If you misplace your Jabra device, you can activate your Jabra device to make a sound, so it is easier to find.

This feature will need your Jabra device to be turned on and have an established Bluetooth connection to your mobile device that has Jabra Sound+ installed.

To activate the sound in your Jabra device, follow these steps.

1. Open the Jabra Sound+ app.
2. In the **Headset** menu, tap the **Settings** ⚙ icon on the top right.
3. Tap **Find My Jabra**.
   If you haven't turned on Find My Jabra, turn it on.
4. Tap the headset icon in the map.
5. In the pop-up tray, tap the play button and adjust the volume as necessary.

Once you find your Jabra device, press the pause button in the pop-up tray.
