

Jabra Speak 750 - MS Teams

How do I charge the Jabra Speak 750?

To charge the Jabra speakerphone, plug it into a USB power source such as a computer or USB wall charger using the attached USB cable. The battery takes approximately 3 hours to fully charge and gives up to 10 hours of talk time.

To view the current battery status, tap the **Battery status** button. The LEDs around the edge of the Jabra Speak 750 will light up to indicate the battery status.
