

Jabra Evolve2 75 - USB-C UC - Black

Can I connect my Jabra Evolve2 headset to a desk phone that has USB connectivity?

You can connect your Jabra Evolve2 headset to a desk phone that has USB connectivity by using one of the following options:

- Connect using the supplied USB cable.
- Connect using the Jabra Link 370 or Link 390 Bluetooth adapter, which are available for purchase as an accessory.
- Connect using the Jabra Link 950, which is available for purchase as an accessory.

Note

The Jabra Link 380 Bluetooth adapter is not compatible with most desk phones. See the [Jabra Compatibility Guide](#) for more information.
