

Jabra Elite 4 Active - Black

How do I control Active Noise Cancellation and HearThrough?

Prerequisites

- [Jabra Sound+ - Android](#)
- [Jabra Sound+ - iOS](#)

When you are not on a call, you can cycle between ANC/HearThrough/Off by pressing the **Left** button.

When you are on a call, HearThrough and ANC will turn off during a call, and then resume when the call is finished.

You can change the ANC and HearThrough settings in the Jabra Sound+ app.

- To choose the modes you want to cycle between when you press the **Left** button on your headset, go to the **Settings icon > Headset settings > Headset configuration > Surrounding sounds:**
 - HearThrough & Off
 - HearThrough & ANC (default)
 - HearThrough, ANC & Off
- To personalize ANC, go to the **Settings icon > Personalize your headset > Active Noise Cancellation.**
- Adjust the sound levels of HearThrough under **Sound Modes.**
- To change the audio experience when HearThrough is turned on, go to **Settings icon > Headset settings > Audio experience.**

Download Jabra Sound+ from [Google Play](#) to your Android device or from the [App Store](#) to your iOS device.
