

Jabra Elite 4 Active - Black

How many Bluetooth devices can I pair with my Jabra device?

You can pair with up to 6 devices that the Jabra device will remember. If you attempt to pair a 7th device, the Jabra device will replace the device that was first paired of the existing paired devices.

You can connect to 1 paired device at a time.

In general, pairing with additional devices is performed the same way as the initial pairing you made for your product.
