

Jabra Evolve2 50 - USB-A UC Stereo

How do I pair my Jabra Evolve2 50 with my mobile device?

To pair your Jabra Evolve2 50 with your smartphone, tablet, or other mobile device, follow these steps.

1. Turn on the Bluetooth setting on your mobile device.
2. Connect the headset to a USB port on your computer.
3. Press and hold the **Bluetooth** button (2 seconds) on the right earcup, until the LED flashes blue. If you are wearing the headset, you will hear the pairing instructions.

4. Go to the Bluetooth menu on your mobile device and select the Jabra Evolve2 50 from the list of available devices. If you are asked for a pin code, enter “0000” (four zeros).

If pairing is not successful, try the pairing steps again, or try pairing with a different Bluetooth device. For troubleshooting tips, [see here](#).

Optionally, try using the [Bluetooth Pairing Guide](#) which provides detailed steps for pairing with your mobile device.

Note

Not all Jabra Evolve2 50 headsets have Bluetooth functionality. Check the technical documentation for more information.
