

## Jabra Evolve2 65 Flex - USB-C UC Stereo

### How do I turn on Active Noise Cancellation/HearThrough on my Jabra Evolve2 65 Flex?

Press the **Sound modes** button on the left earcup to cycle between ANC and HearThrough.

When ANC is turned on, it will be active during calls unless you turn it off.

Left earcup	Sound modes
	Cycle between ANC and HearThrough Press the <b>Sound modes</b> button
	Turn off Sound modes Press and hold (1 sec) the <b>Sound modes</b> button

You can configure ANC settings using Jabra Sound+ ([Google Play](#) | [App Store](#)) on your smartphone or [Jabra Direct](#) on your computer.
