## How do I manually reset my Jabra Evolve2 65 Flex to the default settings?

When you reset your Jabra Evolve2 65 Flex, previously paired devices and settings will be cleared.

To reset, ensure that the headset is turned on, and you are not on a call. Then simultaneously press and hold (3 seconds) the **Call** and **Volume up** buttons on the right earcup, until the LED lights pink and you hear an announcement in the headset.

### Note

After resetting, you will need to re-pair the headset with your smartphone and with the Jabra Link Bluetooth adapter.
