

Jabra PanaCast 50 VBS bar only

How do I factory reset the Jabra PanaCast 50 VBS bar?

Resetting will restore the video bar to its factory default settings. To factory reset the video bar, use one of the following methods:

- Access the Web Console by entering the IP address of the video bar in a browser and go to the **System Reset** menu.
- Access the Admin Portal of your video conferencing service provider.

Reset video bar manually

Press and hold (20 seconds) the **Reset** button on the back of the video bar until the LED flashes pink and the *'factory data reset'* message is displayed on the monitor. The video bar will restart and play an audio notification when it is ready for use. The reset takes approximately 1 minute.
