

Jabra GN9350e

How to connect my Jabra GN9350e with Astra Open Phone 63 and 65

Prerequisite:

Jabra GN9350 + Jabra 8800-00-93 + AZ – Adapter (Astra product)

In combination with one of the following phones:

- Astra Open Phone 63 / 65

System:

- Open Com 100 from software 5.2
- Open Com 1000 from software 3.2

Connection:

1. Insert the supplied RJ10 to RJ10 connection cable into the socket of your Jabra GN9350 base marked with the "phone" symbol and the other end into the "handset" socket of the AZ adapter.
2. Now insert the RJ45 plug of the Jabra 8800-00-93 connection cable into the Jabra GN9350 base socket marked "AUX".
3. Please connect the receptacle connector to the AZ adapter socket marked with the "bell" symbol and insert the modular plug into the "second handset" socket of the AZ adapter.

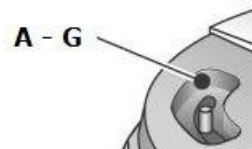

Software setup:

In the LCD display, set the Jabra GN9350 to "RHL" and press the OK button.

Base setup:

Set the phone setup switch (A-G) to the "A" position.

Microphone level setup:

We recommend setting the microphone volume in the LCD display to 7 out of 12.

Phone setup:

Activate the "remote headset" function in your Open Phone phone as follows.

Please enter the following key sequence into your Open Phone 63/65:

> MENU> SETTING>PERIPHERALS > Additional Phone Selection >
"Remote Headset"

Headset answer/end:

As soon as the dial tone signal can be heard in the headset, you can answer the call by pressing the "answer/end" button on the headset; by pressing again the call is ended.
