Jabra Pro 9450 Mono

What do the LEDs on my Jabra Pro 9400 headset mean?

The LEDs on your Jabra Pro 9400 headset indicate the following:

LED indicator	State
Intermittent flashing blue	The headset periodically checks the status of the base unit to maintain the wireless connection and headset readiness.
Red, yellow/amber, green	The headset battery level: Red - less than 1 hour of talk time remaining Yellow/amber - up to 4 hours of talk time remaining Green - up to 8 hours of talk time remaining

The LED indicator alternates between the polling status and the battery level.
