Jabra Cruiser

How do I reset my Jabra Cruiser?

When you reset your Jabra Cruiser, the list of devices that have been paired with it is cleared. Follow these steps to reset:

1. Turn on your Jabra Cruiser by setting the **On/off** switch to the "on" position.
2. Simultaneously press and hold (5 seconds) the **Volume up**, **FM**, and **Answer/end** buttons until you hear a beep tone.
3. Turn off your Jabra Cruiser by setting the **On/off** switch to the "off" position.
4. Your Jabra Cruiser is now reset.
5. When you turn on your Jabra Cruiser again, it is ready to pair.

Note: When your Jabra Cruiser has been reset, you will need to re-pair with your mobile phone. Remember to delete the previous pairing before you re-pair.
