

# Jabra Drive

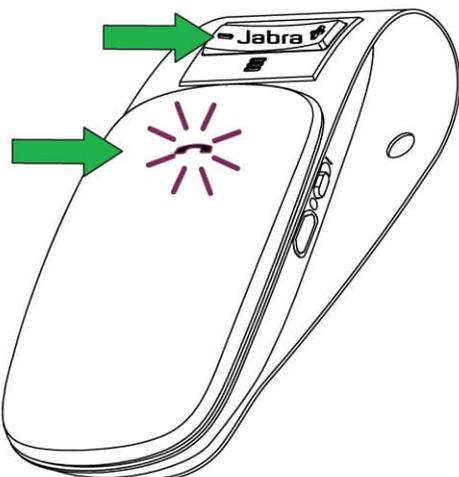

## How do I reset my Jabra Drive?

When you reset your Jabra Drive, the list of devices that have been paired with it is cleared. Follow these steps to reset:

1. Turn on your Jabra Drive by setting the **On/off** switch to the “on” position.
2. Press and hold (5 seconds) the **Answer/end** button until the LED flashes blue.

3. Simultaneously press and hold (5 seconds) the **Volume down** button and the **Answer/end** button until 2 beeps sound and the LED flashes purple.

4. Turn off your Jabra Drive by setting the **On/off** switch to the “off” position.
5. Your Jabra Drive is now reset. The next time you turn it on, it is ready to pair.

Note: When your Jabra Drive has been reset, you will need to re-pair it with your mobile phone. Remember to delete the previous pairing before you re-pair.
