

Jabra Easygo

How do I reset my Jabra EasyGo?

When you reset your Jabra EasyGo, the list of devices that have been paired with it is cleared. Follow these steps to reset:

1. Turn on your Jabra EasyGo by setting the **On/off** switch to the “on” position.
2. Simultaneously press and hold (5 seconds) the **Volume down** button and the **Answer/end** button until the battery indicator and Bluetooth indicator flash 5 times.

3. Your Jabra EasyGo is now reset.
4. Turn off your Jabra EasyGo by setting the **On/off** switch to the “off” position.
5. When you turn on your Jabra EasyGo again, it is ready to pair.

Note: When your Jabra EasyGo has been reset, you will need to re-pair with your mobile phone. Remember to delete the previous pairing before you re-pair.
