

Jabra Elite Sport (Original)

What is the benefit of turning off Bluetooth Smart?

You can prevent other nearby devices, which are also enabled with Bluetooth Smart, from accidentally pairing with your earbuds.

To turn off/on Bluetooth Smart, follow these steps.

1. Turn on your Jabra Elite Sport by holding down the **Multi-function** button on the right earbud until the LED flashes.
2. Press and hold the **Sports** button on the right earbud (10 seconds) until you hear the voice guidance announcement.

Note:

When you turn off Bluetooth Smart, you can only use the heart rate monitor with the Jabra Sport Life app. It will not work with third-party apps.
