

Jabra Speak 810 MS

How do I pair the Jabra Speak 810 with my mobile phone?

To pair the Jabra Speak 810 with your smartphone, tablet, or other mobile device, follow these steps.

1. Turn on the Bluetooth setting on your mobile device.
2. Turn on the Jabra Speak 810 by connecting the supplied power supply to a power outlet.
3. To enter pairing mode, tap the **Bluetooth** button and the icon will flash blue.

4. To pair, go to the Bluetooth menu on your mobile device and select the Jabra Speak 810 from the list of available devices.
Enter “0000” (four zeros) if you are asked for a pin code.

Reconnecting

The Jabra Speak 810 is designed to be used in rooms where many people may access the unit. Therefore, it does not automatically reconnect to known devices – you must reconnect manually. The Jabra Speak 810 can remember up to 900 devices in the pairing list. However, there can be only one active Bluetooth connection at a time.

Note

If pairing is not successful, try the pairing steps again, or try pairing with a different Bluetooth device. For troubleshooting tips, [see here](#).

Optionally, try using the [Bluetooth Pairing Guide](#) which provides detailed steps for pairing with a mobile device.
