

Jabra Sport Pace Wireless Red

How do I reset my Jabra Sport Pace Wireless?

When you reset your Jabra Sport Pace Wireless, the list of devices that have been paired with it is cleared. Follow these steps to reset:

1. Start with your Jabra Sport Pace Wireless turned on. You can turn on your Jabra Sport Pace Wireless by pressing and holding (5 seconds) the **Multi-function** button until the indicator light flashes green.
2. Simultaneously press and hold (5 seconds) the **Multi-function** button and the **Sports** button until “pairing mode” is announced in the headset.

Note: When your Jabra Sport Pace Wireless has been reset, you will need to re-pair it with your mobile phone. Remember to delete the previous pairing before you re-pair.
